TECHNOLOGY CENTER™**

AT

**DOWLING COLLEGE
School Of Aviation**

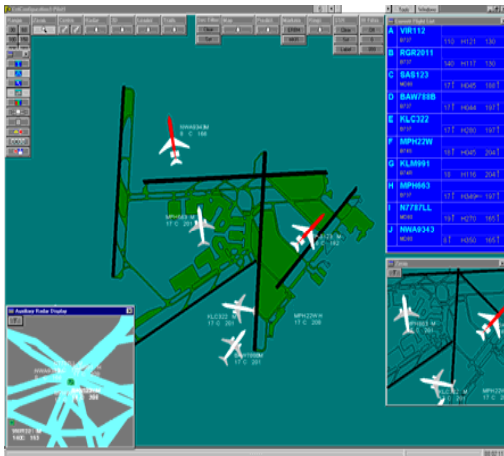

**AIRPORT DRIVER
TRAINING**

CLASSROOM SETTING

The ***Driver Training*** course is designed to facilitate safer driving operations, better airport Situational Awareness during vehicle movement, and fulfill Federal Aviation Administration requirements.

The Course Specifically Offers The Following:

- ARFF Training
- Off-Airport Response Training

- Airport Movement/Non-Movement Area Training
- Snow Removal Training

CONVENIENCE

Our course is designed to facilitate learning effortlessly. We conduct the training at your facility; saving you time and money while greatly increasing the knowledge base of your Airport Operations staff.

AN INTERACTIVE ATMOSPHERE

We believe the most effective learning environment is best fostered in an interactive setting:

- ❖ *Utilizing The Worlds' Most Advanced Airport Driving Simulator, Created Specifically For Addressing FAA Part 139 Airside Safety Compliance.*
- ❖ *Training Is Scenario-Based*
- ❖ *Training Aids Are Interactive*
- ❖ *Integration Between Ground, Air, And Traffic Control Personnel Is Achieved At A Much Greater Level*
- ❖ *Situational Awareness Is Dramatically Increased For All Participants, Regardless Of Their Qualification Level*
- ❖ *Changing Weather Phenomena In The Simulator Provides Critically-Needed, Hands-On Practice For Irregular Operations*

WHY CHOOSE THE NATIONAL AVIATION TECHNOLOGY CENTER™

- Superior Instructional Content
- State-Of-The-Art Facilities & Equipment
- Exceptional Training Staff
- Product Portability

**Whatever Your Training Needs
Are, The National Aviation
Technology Center™ Can Provide
The Quality Product You Are
Looking For!**
